DIGI-FR7

Multimedia 7" Digital Colour Photo-Frame

Introduction

Dynamode is pleased to offer the first in an exciting range of high-resolution Digital Photo Frames with advanced built-in features never seen at this low price point – welcome to the **DIGI-FR7**

Designed for the digital lifestyle in mind, the DIGI-FR7 features photographic reproduction up to an amazing 12-Megapixels, thus far exceeding the quality of the majority of Digital Cameras available today – all housed in a stylish and slim 'floating' display that would be at home on a Tabletop or on a Wall in the Living room – you decide!

Using a purpose designed *TransitionEngine*™ display technology, the DIGI-FR7 allows a full customizable display of your Digital Images with a range of transitional effects and with a built-in MediaCard reader allowing CompactFlash™, MemoryStick™, SD™ and xD™ formats you can also playback quality Audio to create that personal touch via it's built-in rear Stereo Speakers.

With a full featured IR Remote Control for armchair operation of common functions the DIGI-FR7 is your only choice for a cost effective Digital Lifestyle – ***only from Dynamode***
